Solar Skies Offers Additional Product Line from New Facility

At Solar Skies Mfg., LLC, we are committed to providing quality solutions for the solar thermal industry. To ensure we continue to offer valued services and products to our customers, we have relocated our office and manufacturing facility from Starbuck, MN to a larger and more conducive facility in Alexandria, MN.

The 40,000-square foot state-of-the-art facility is designed to support lean manufacturing principles, which ultimately deliver greater value and turn-around time.

Solar Skies is now offering a full line of stainless steel, high-performance storage and drain back tanks and components. The tanks are:

- SRCC OG300 Certified
- Easy to install and maintain
- Available with or without heat exchangers
- Made of a durable outer shell for rust and impact resistance
- Environmentally safe CFC free, water blown insulation

Solar Skies Mfg., LLC manufactures solar thermal collectors and distributes solar tanks and components for both residential and commercial use. The SRCC rated collectors and solar tanks are offered in a multiple of series and a wide range of sizes. For more information, contact Solar Skies at 106 Donovan Street, Alexandria, MN 56308; Telephone: 320-762-1151, Email: deb@solarskies.com, or visit www.solarskies.com.
